*BlauPlast RRF*  
*BlauPlast FKF*

Introducing folding plastic ducts: an innovative and versatile solution for ventilation systems from Blauberg. The folding duct construction benefits logistics and results in significant space savings immediately apparent while storing and handling the products.

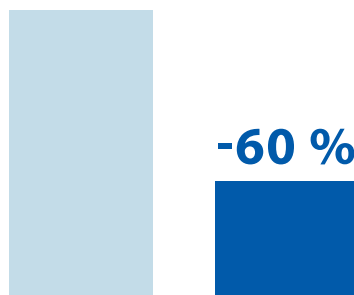

■ **The compact folding ducts from Blauberg offer a number of advantages:**

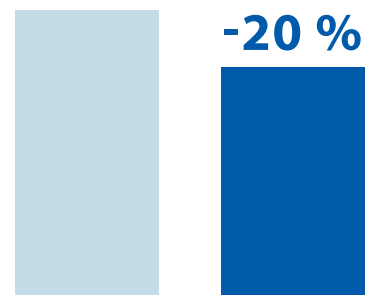

- ❑ 40 % higher transportation efficiency - more units per dispatch
- ❑ 60 % less warehouse storage space required
- ❑ Improved showroom stock diversity - even at small shops
- ❑ 20 % less time required for duct processing and fastening
- ❑ Easy and efficient mounting, better fit of parts made of elastic polymer material
- ❑ Compatible with the standard connectors and fixtures of BlauPlast air duct system

**SAVINGS**  
during  
transportation

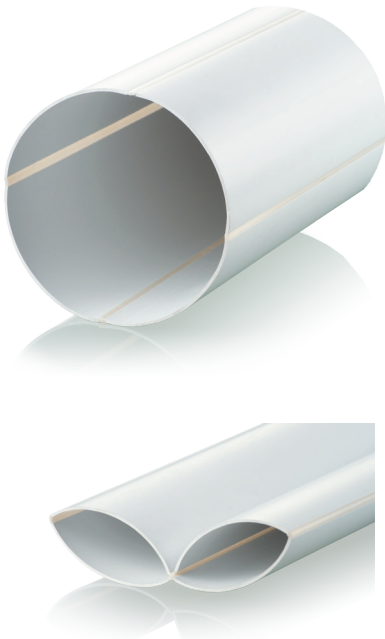

**SAVINGS**  
of space during storage of  
products in warehouses / points  
of sale

**SAVINGS**  
of time for processing  
and mounting

## Round duct BlauPlast RRF

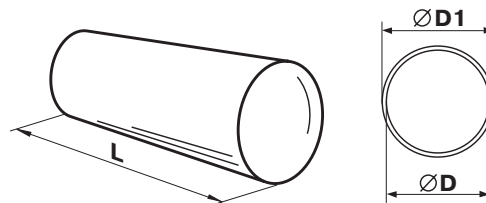

### ■ Purpose

- Supply and exhaust ventilation systems of various spaces
- Building round ventilation ductwork systems

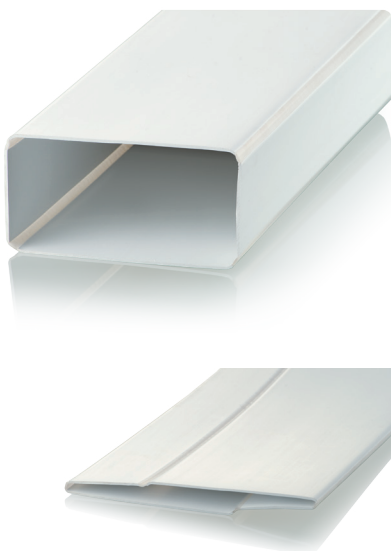

### ■ Construction

- White PVC plastic
- Diameter 100 mm
- Duct length ranges from 350 to 2.500 mm
- Joined by means of appropriate diameter connectors

Code	Dimensions [mm]		
	D	D1	L
RRF 100/0.35	100	103	350
RRF 100/0.5	100	103	500
RRF 100/1	100	103	1000
RRF 100/1.5	100	103	1500
RRF 100/2	100	103	2000
RRF 100/2.5	100	103	2500

## Flat duct BlauPlast FKF

### ■ Purpose

- Supply and exhaust ventilation systems of various spaces
- Building flat ventilation ductwork systems

### ■ Construction

- White PVC plastic
- Cross-section of 55x110 mm
- Duct length ranges from 350 to 2.500 mm
- Joined by means of appropriate section connectors

Code	Dimensions [mm]				
	a	b	a1	b1	L
FKF 110x55/0.35	55	110	52	107	350
FKF 110x55/0.5	55	110	52	107	500
FKF 110x55/1	55	110	52	107	1000
FKF 110x55/1.5	55	110	52	107	1500
FKF 110x55/2	55	110	52	107	2000
FKF 110x55/2.5	55	110	52	107	2500
